

## Maltec Environmental Policy

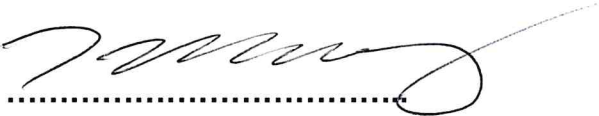

---

Maltec Engineering Pty Ltd is committed to the protection of the environment in which we work and live. We strive to continually improve our environmental performance and prevention of pollution by understanding and minimizing any adverse environmental impacts of our operations, whilst ensuring our legal obligations are met at all times.

In order to achieve the above, we endeavour to:

- \* Minimise any impact we have on our surrounding environment by, as far as practicable using workshop materials and equipment having the lowest possible impact on the environment;
- \* Set objectives and targets with the aim of improving our environmental performance;
- \* Ensure that contractors engaged for any chemical processing have appropriate chemical handling and processing facilities and workshop;
- \* Ensure that where there is a requirement for a contractor to transport Dangerous Goods this will be carried out by licensed vehicle and driver;
- \* Have any chemicals used on its site removed after completion of their use for disposal in accordance with statutory requirements;
- \* Minimise waste and recycle wherever possible;
- \* Ensure disposal of waste is carried out in accordance with statutory requirements.

**MANAGING DIRECTOR**

A handwritten signature in black ink, appearing to read 'Lindsay Malley', is written over a horizontal dotted line.
