

Maltec Environmental Policy

Maltec Engineering Pty Ltd is committed to the protection of the environment in which we work and live. We strive to continually improve our environmental performance and prevent pollution by understanding and minimizing any adverse environmental impacts of our operations, whilst ensuring our legal obligations are met at all times.

In order to achieve the above, we shall:

- * Minimise any impact we have on our surrounding environment by, as far as practicable using workshop materials and equipment that have the lowest possible impact on the environment;
- * Establish and maintain an Environmental Management System compliant to the requirements of ISO 14001 standard;
- * Set objectives and targets with the aim of improving our environmental performance;
- * Ensure that contractors engaged for any chemical processing have appropriate chemical handling and processing facilities and workshop;
- * Ensure that where there is a requirement for a contractor to transport Dangerous Goods this will be carried out by licensed vehicle and driver;
- * Minimise waste, reuse and recycle wherever possible;
- * Ensure disposal of waste is carried out in accordance with statutory requirements.

MANAGING DIRECTOR

A handwritten signature in blue ink, appearing to read 'Lindsay Malley', is written over a dotted line.
